|               |
|               |

#### 4. GUARANTOR

You may be asked to provide a Guarantor in some cases. A guarantor will agree to take joint responsibility for the rent for the property if the tenant fails to do so and for any damages costing more than the deposit.

A guarantor needs to go through the same referencing process as a tenant. They are required to be in full time employment and a UK home owner, with sufficient earnings to cover the tenant's rental commitment.
